Experience

Web Developer CodSoft	15/2024 to I currently work here
At Codsoft Company, I was responsible for designing, developing, and maintaining high-performance web applications and websites. I collaborated with cross-functional teams to create intuitive user interfaces and develop robust backend solutions using technologies such as HTML, CSS, JavaScript, and frameworks like React and Node.js. which resulted in a quantifiable achievement, e.g., 30% increase in user engagement or a 20% improvement in load times. My role involved optimizing website performance, and ensuring the delivery of scalable and responsive applications.
